10.10 | Hello game, Aslan prayer

- Intro: Set up the dominoes in a circle to represent the city. Have lego figures available to act out the story.

Moses led the people through the desert. They stopped when God told them to stop, setting up the Tabernacle and all their tents, and moved on when God told them to move. After 40 years, they had got to where God wanted them to enter the land he had promised they could settle. By that time Moses had died and Joshua had taken over leading the people. They crossed over another River - the Jordan. Again God made a path for them to cross through. The first city they came to was Jericho and God told Joshua that he wanted them to take over the city.

Recap: Ask for volunteers to move the lego figures round the 'city' walls. Every day, for 6 days, the armed men, then the priests marched round the walls. There had to be no talking, only the priests were allowed to blow the trumpets. On the 7th day they marched round 7 times. The last time the priests gave a long blast on the trumpets, everyone shouted and the walls fell down. Joshua and his men scrambled over the rubble into their city. Everyone knew that God was with Joshua.
