ZACCHAEUS CRAFT

You will need: inner tube from kitchen roll, brown sugar paper, sellotape, 1 sheet green paper, scissors, foam sticky shape,

1. Cut 4cm strip of brown paper across the top (portrait way up). this will be used in step 4.

2. Cover cardboard tube with rest of brown sugar paper. Use sellotape to secure in place.

3. Fold the green paper in half (portrait way up). Cut strips down top half of paper then roll it and slide it into the cardboard tube. Spread out 'palms'.

4. Use your 4cm strip of brown sugar paper to wrap round tree. Make sure it is just tight enough to be able to move up and down the trunk. Use sellotape to secure.

5. Cut out Zacchaeus figure and stick to the strip of paper with a foam square. Now move him up and down the tree.
